Friday 9<sup>th</sup> March Science Day

We shall be holding a science event on Friday 9<sup>th</sup> March. The purpose of the day is to celebrate science week and to celebrate the progress made in science lessons. Please send your children dressed in science themed clothes e.g. based on a famous scientist or create your own. Many thanks for your support.

## Lateness- Polite reminder

### Morning bell 8.55am

It is very important that the children are on time at the beginning of the school day. When children are late it can be very disruptive to both the latecomers and their classes. Your child may also feel awkward arriving to the classroom when everyone else is settled. They have missed out on essential instructions given out at the beginning of the lesson. We would appreciate your support in this matter and please contact us if we can help in any way to ensure children arrive on time.

### Farm and Country Road Show

On Thursday a trailer arrived at school. When we went inside, we first watched a video about farming life and how the land is harvested. We played a pairs game, we had to match the farm animal to its baby. We also put food on a plate that we would choose for breakfast, learning about where the food came from. We looked through a magnifying glass at barley, oats and wheat. We could see how different they were. At the end we ground some oats with a pestle and mortar which was hard work! It was a fun experience and we learnt a lot.

## School milk scheme

Did you know our school has a school milk scheme?

By registering your child for our school milk scheme they will receive a 189ml (third of a pint) carton of semi-skimmed milk every day. This is delivered fresh and chilled to their classroom every day.

### **“How much does it cost?”**

Thanks to government subsidies, school milk is free for all under-fives and is subsidised at around £15 a term for children aged five or older.

### **“Why should I register my child?”**

School milk provides your child with essential nutrients such as calcium and protein, for strong, healthy teeth and bones. It is also rehydrating and energy boosting, helping to bridge the long gap between breakfast and lunch so children stay focused.

### **“How do I register my child?”**

If your child is under five-

1. Go to [www.coolmilk.com](http://www.coolmilk.com) or pick up a form from school.
2. Just register by a Tuesday for your child's free milk to start the following week.
3. Free milk will continue until the Friday before your child's fifth birthday. You will receive a payment request three weeks before this time- if you wish for

your child to continue to receive school milk simply make a payment.

4. If your child is over five-
  1. Go to [www.coolmilk.com](http://www.coolmilk.com) or pick up a form from school.
  2. Pay Cool Milk online, over the phone, at a local PayPoint or by cheque in instalments to suit you. If registering online you can pay straight away, if using a registration form you will need to wait to receive a payment request.
  3. Just pay by a Tuesday for your child's milk to start the following week.

### **NITS**

Please be aware we have an outbreak of nits in school. You are advised to check your child's hair every night and remove all eggs and adults using the conditioner and nit comb method. Your pharmacist will be able to advise you further.

Could all girls and boys with long hair keep it tied back to prevent the nits spreading.

Thank you.
