Dear all,

As you'll all be aware, this has been a challenging week! As mentioned in the letter we sent out on Monday, we have not only had cases of Covid amongst our pupils, we have had a significant number of staff who have also tested positive and have been self-isolating at home.

I would like to thank you for your support and patience this week. In addition, I would like to thank staff for their flexibility, resilience and hard work. The staff in school have been amazing, whilst those isolating have continued to work when they were able and well enough to do so. I would also like to pass on my thanks to the supply agency staff we have had in school this week.

Given the high number of cases in the local community, please could we ask that you continue to remain vigilant. We have also been provided with information confirming there are cases of people testing positive for a second time within three months.

Hopefully we will have a number of staff returning next week.

Many thanks, Lucy

Chicken Pox:

We have been made aware that chicken-pox is currently present in school and other primary schools in the local area.

As chicken-pox is highly contagious, your child would need to stay at home until all the spots have formed a scab. This is usually 5 days after the spots appeared.
